PROFESSIONAL SUMMARY

Motivated MCA student specializing in frontend development with hands-on experience in React.js, JavaScript, HTML5, and CSS3. Currently building backend fundamentals with Node.js and Express.js. Passionate about building responsive, user-centric web applications and solving real-world development challenges.

EDUCATION

Gateway Institute of Engineering & Technology, Sonipat

2025 – 2027

Master of Computer Applications (MCA) | CGPA: 7.00

BPS University, Khanpur Kalan

2022 – 2025

B.Sc. in Computer Science | CGPA: 7.06

EXPERIENCE

ApexPlanet Software Pvt. Ltd.

June 2026 – Present

Web Development Intern (Remote)

- Developed responsive web pages using HTML, CSS, and JavaScript, ensuring compatibility across multiple devices and screen sizes.
- Built interactive user interface components through DOM manipulation to enhance usability and user engagement.
- Collaborated on front-end development tasks while following web development best practices and clean coding standards.

PROJECTS

Job Application Tracker — [Live Demo](#)

React.js | Vite | Redux Toolkit | Firebase | Tailwind CSS | Netlify

- Developed a responsive web application using React and Firebase to manage and track job applications with authentication and full CRUD functionality.
- Implemented search, filtering, and status tracking features to improve organization and usability for job seekers.

Face Recognition Attendance System — [GitHub](#)

Python | OpenCV | face_recognition | SQLite | Tkinter | Matplotlib

- Developed a desktop attendance system using Python and OpenCV with real-time face recognition and blink-based liveness detection to prevent spoofing.
- Designed a SQLite-backed database with an analytics dashboard (Matplotlib) for attendance trend visualization.

Personal Portfolio — [Live Demo](#)

HTML5 | CSS3 | JavaScript | Git | GitHub

- Designed and developed a fully responsive personal portfolio website with modern UI/UX and intuitive navigation.
- Structured sections for About, Skills, Projects, and Contact with a functional contact interface for communication.

SKILLS

Programming: JavaScript, Python

Frontend: React.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS, React Hook Form

Backend (Basics): Node.js, Express.js, REST APIs

Databases: MongoDB, Firebase Firestore, SQLite

Tools & Platforms: Git, GitHub, VS Code, Netlify, Postman

Soft Skills: Problem Solving, Communication, Teamwork

CERTIFICATIONS

- React (Basic) Certificate — HackerRank | June 2026
- Python (Basic) Certificate — HackerRank | July 2026
- Node.js (Intermediate) Certificate — HackerRank | July 2026
